

Pavia meets:
Hot Topics in
Dermatology

11 May 2024
Pavia Collegio Cairoli

Razionale Scientifico

The event "Pavia meets: Hot Topics in Dermatology" is intended as an update on clinical dermatology in the light of recent innovations in the diagnosis and treatment of the most frequent dermatoses. But that's not all. For example, the emergence of Artificial Intelligence (AI) in medicine and dermatology, influencing diagnostic and therapeutic paths, represents a new challenge for the dermatologist, not only in the clinical field, but also in histopathology.

"Pavia incontra" is aimed at a wide audience, from medical students to doctors in training, general practitioners and specialists in the area. The plurality of topics covered offers a dynamic platform for knowledge exchange, collaboration and focus on recent research contributions in diagnosis and therapy.

The meeting will take place in the evocative historical centre of Pavia, the heart of one of the oldest Italian and European universities, a mosaic of identities and symbols that show themselves in art and culture, in panoramas and monumental treasures, but also in food and wine and nature in the land that was once the home of the Lombards and the Visconti Family.

Faculty

E. Antiga (Florence)	G. Marseglia (Pavia)
S. Barruscotti (Pavia)	A.V. Marzano (Milan)
E. Berti (Milan)	A. Michelerio (Pavia)
F. Bobbio-Pallavicini (Pavia)	B. Montagna (Pavia)
G. Borroni (Pavia)	A. Muzzi (Pavia)
V. Brazzelli (Pavia)	F. Picciotto (Turin)
V. Caliendo (Turin)	P. Pigatto (Milan)
R. Castagnoli (Pavia)	B.M. Piraccini (Bologna)
C. Giorgini (Pavia)	P. Quaglino (Turin)
G. Girolomoni (Verona)	P. Sena (Bergamo)
P. Gisondi (Verona)	F. Serra (Pavia)
E. Isoletta (Pavia)	C. Stefanato (London)
G. Kaya (Geneva)	C. Tomasini (Pavia)
L. Magnani (Pavia)	C. Vassallo (Pavia)

PROGRAMME

8.30	Registration	
	Course presentation	C. Tomasini, A. Muzzi
9.00	The added value of multidisciplinary approach in Medicine and Dermatology	A. Muzzi (Pavia)

Psoriasis: where are we?

Chairs: G. Girolomoni, V. Brazzelli, G. Marseglia

09.10	Minimal psoriasis: when is it a "red flag"?	V. Brazzelli
09.30	Disease modifications in psoriasis	P. Gisondi

Psoriatic disease therapy: guidelines and new perspectives in pills

09.50	The rheumatologist's point of view	F. Bobbio-Pallavicini
10.05	The dermatologist's point of view and a multidisciplinary approach	V. Brazzelli

Atopic dermatitis: where are we?

10.20	The dermatologist's perspective	E. Isoletta
10.35	The pediatrician's perspective	R. Castagnoli

10.50 Coffee break

Autoimmune and autoinflammatory dermatoses: where are we?

Chairs: A.V. Marzano, P. Sena

11.10	The spectrum of neutrophilic dermatoses	A.V. Marzano
11.30	Urticaria and autoinflammatory dermatoses	P. Pigatto
11.50	Management of patients with autoimmune bullous diseases	E. Antiga
12.10	Autoimmune/autoinflammatory paraneoplastic dermatoses	C. Vassallo

Ackerman Lecture

Chair: G. Borroni

12.30	Hypothetical abductive reasoning in human medical diagnosis and AI agents	L. Magnani
13.00	Lunch	

The European Society of Dermatopathology

Chairs: G. Kaya, C. Tomasini, E. Berti

14.00	ESDP and Dermatopathology Journal: a success story	G. Kaya
14.15	Test yourself: clinicopathological quiz	G. Kaya

14.45	"Bolt from the blue"!	<i>C. Tomasini</i>
15.05	News on parapsoriasis	<i>E. Berti</i>
15.25	Galli-Galli disease: an intriguing entity	<i>A. Michelerio, C. Tomasini</i>

Alopecia: where are we?

Chairs: C. Stefanato, B.M. Piraccini

15.50	Histopathological diagnosis of alopecia: when to biopsy?	<i>C. Stefanato</i>
16.10	Scarring alopecias: clinical and therapeutic news	<i>B.M. Piraccini</i>
16.30	Non-scarring alopecias: clinical and therapeutic news	<i>S. Barruscotti</i>
16.50	Coffee break	

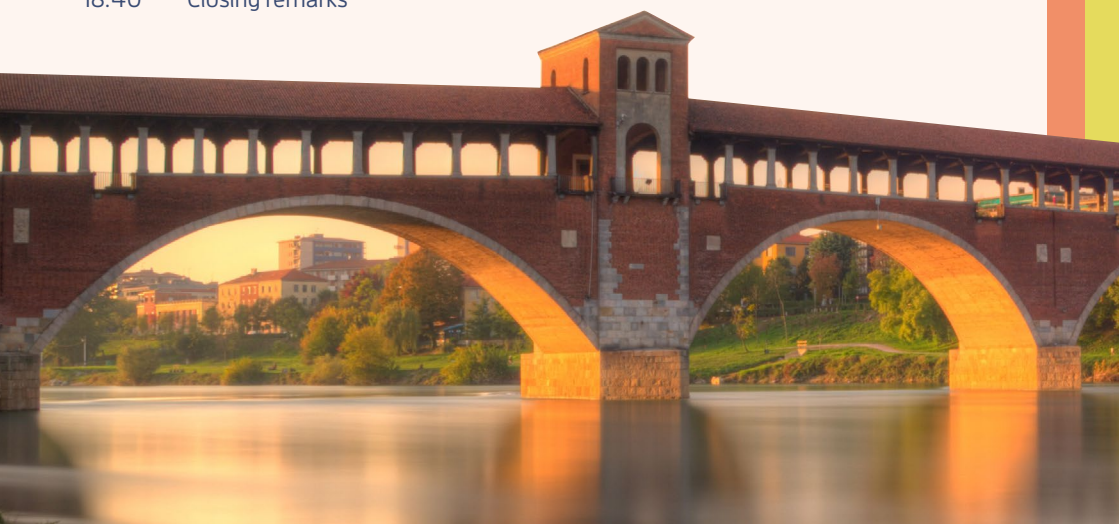

Oncologic dermatology: where are we?

Chairs: P. Quaglino, P. Sena

17.00	Pharmacological management of advanced Basal Cell Carcinoma	<i>P. Quaglino</i>
17.20	Cutaneous sarcomas: an update	<i>F. Picciotto</i>
17.40	Less and less invasive surgery in melanoma?	<i>V. Caliendo</i>

Real life experiences of the multidisciplinary onco-dermatological team of Policlinico San Matteo in Pavia

18.00	NMSC: a challenging case	<i>C. Giorgini, F. Serra</i>
18.15	Melanoma: a challenging case	<i>S. Barruscotti, B. Montagna</i>
18.30	ECM	
18.40	Closing remarks	

INFORMAZIONI

ID ECM: 918 - 408672

Data: 11/05/2024

Sede: Collegio F.lli Cairoli, Piazza Collegio Cairoli 1 - 27100 Pavia

Modalità: Formazione Residenziale

Partecipanti ECM: 100 **Crediti:** 8

Accreditato per: Medico Chirurgo

Discipline ECM: Allergologia ed immunologia clinica, Anatomia patologica, Chirurgia generale, Chirurgia plastica e ricostruttiva, Dermatologia e venereologia, Gastroenterologia, Genetica medica, Geriatria, Laboratorio di genetica medica, Medicina generale (medici di famiglia), Medicina interna, Oncologia, Pediatria, Pediatria (pediatri di libera scelta), Reumatologia

Obiettivo Formativo: Documentazione clinica.

Responsabile Scientifico: Prof. Carlo Tomasini

Tutte le relazioni del convegno si terranno in lingua italiana ad eccezione dell'intervento del Prof. Kaya che si svolgerà in lingua inglese.
